Brother Rice High School was founded in 1960 by the Congregation of Christian Brothers of Ireland. Brother Rice is a private, fully accredited, four-year Catholic college preparatory school for young men. It is owned and operated by the Congregation of Christian Brothers — which was founded in 1802 by Br. Edmund Ignatius Rice, after whom the school is named. Today, there are over two thousand Brothers in twenty-five countries, teaching young people in 300 institutions around the world.

The Congregation of Christian Brothers’ Legacy of Leadership continues in our community today. In the spirit of Blessed Edmund Ignatius Rice, the school fosters the spiritual, intellectual, cultural and moral development of its students. The Brother Rice community promotes excellence through an environment conducive to life-long personal growth, and responsible, moral decision making in a Christian atmosphere. We call this The Warrior Difference.

Realizing that academic preparedness is an important facet of this Mission, we proudly present the Brother Rice Summer Class offerings for 2014.

**For students entering 8th & 9th grade**

### Algebra 1 Prep Course

**June 23-27**  
8:30 – 11:00 a.m.  
[huber@brrice.edu](mailto:huber@brrice.edu)

This course is designed for students entering 8th & 9th grade who want to solidify their understanding and mastery of important Algebra skills, including real number computations and properties, combining like terms, writing equations, equation solving and real-world word problems. There will be regular assessments and assignments of key concepts that are the foundation for success in Algebra and beyond at the high school level. **Space is limited to 25 students.**

**For students entering 7th, 8th & 9th grade**

### Improving Grammatical Proficiency

**July 7-10**  
12:00 - 1:30 p.m.  
[kase@brrice.edu](mailto:kase@brrice.edu)

Review and practice grammatical fundamentals important for strong writing performance. Topics will include: parts of speech, parts of a sentence, punctuation usage, and common grammatical errors.

### The Writing Process

**July 21-24**  
8:30 – 11:00 a.m.  
[nuss@brrice.edu](mailto:nuss@brrice.edu)

Be prepared for fall’s first essay assignment! Learn to organize ideas for expository writing and express them following the 5-step process: prewriting, writing, revising, editing, and publishing. Mini-lessons for each step will lead to a well written essay by week’s end. Basic grammar, spelling and punctuation rules will also be reviewed. All materials for the course will be provided.

**For students who have taken high school math**

### Algebra Skills Camp

**June 23-27**  
12 Noon – 2:30 p.m.  
[huber@brrice.edu](mailto:huber@brrice.edu)

This course is designed for students who have taken a high school math course and want to solidify their understanding and mastery of important Algebra skills, including real number computations and properties, writing equations, equation solving, linear equations, graphing and real-world word problems. There will be regular assessments and assignments relating to key concepts that are the foundation for success in Algebra II, Geometry, Trigonometry and Pre-Calculus. **Space is limited to 25 students.**

### Trig Tutoring

**Date: August 11-14**  
**Time: 12:00 - 1:15 p.m.**  
[barnes@brrice.edu](mailto:barnes@brrice.edu)

An introduction to right triangle trigonometry for incoming Physics & AP Physics 1 students who have not had Geometry with Trig. Covers basic trig functions (sine, cosine & tangent) and how to apply them to analyze vectors in physics.

### Reading Comprehension

**July 21-24**  
11:30 a.m. - 1:00 p.m.  
[nuss@brrice.edu](mailto:nuss@brrice.edu)

No need to dread school reading anymore! Learn and practice strategies to critically read both literature and informational texts to prepare you for the upcoming year. All materials for the course will be provided.
