Fall 1987

Planning the Thanksgiving Weekend Father-Son-Alumni Communion Breakfast are (l to r): Brian Cameron, Communion Breakfast Chairman, Brad Simmons, Dr. Tony Dietz, Dads' Club President, Br. George Gremley, and Br. Donald McGovern, Dads' Club Moderator..

## Dear Alumni Family:

Since our first issue just a few short months ago, a good deal has happened. Our sixth annual golf outing, attended by 108 golfers on one of the hottest days of the summer, was a big success thanks in part to the efforts of the Christie brothers - Dick '75, Bill '81, and Chuck '84 - as well as Jim Lievois '75. The Prep Kick-Off Classic reception at the Pontiac Silverdome was a victory for team and attendees alike. Dave DeBenedictis '71, Tom Nolan '74, and Michael Sheehan '80 deserve a round of applause for their assistance. At the new student

OPEN HOUSE held on October 20, Mike Kinna ('78) and Bill Christie ('81) answered numerous questions about the Alumni Association and publicized some of your many successes to the 200 plus prospects and parents who attended. Career Day '87, held on October 27, also was a success. Alums who shared their time and expertise with the student body included Pierre DePorre '76, Patrick Duerr '70, Mark Joliat '68, Fr. Chris Welsh '70, John McGrath '79, John Siller '72, Mark Barnowski '75 and brother Wally Barnowski '72, Ron Schensky '64, Pat

Angott '67, and myself.

As for coming events, the Father-Son-Alumni Communion Breakfast planned for Sunday, November 29 at Brother Rice promises to be a nice event. We do hope that you'll use this opportunity to reacquaint yourselves with old friends and hear a great speaker, Honorable James L. Ryan, former Justice of the Michigan Supreme Court and now a member of the U. S. Circuit Court of Appeals.

Class reunions are presently planned for Thanksgiving weekend for the Classes of '77 and '82. Contact the Alumni Office at school for details. And don't forget IRISH NITE! (See related article.)

As always, we welcome your comments. Until next time, on behalf of the Alumni Association, I wish each of you the very best for the upcoming Holiday Season.

Best regards,  
 Brad Simmons  
 Alumni President

## **IRISH NITE News**

Plans for IRISH NITE are already well underway. We are pleased to tell you that this year's auction will be held on Friday, March 18, 1988 at the Fairlane Manor in Dearborn. Through the years, Brother Rice has benefitted from the proceeds in several ways: new classrooms, equipment, landscaping improvements, and general in-house renovations, to name a few. Many of you were here to see the improvements. Some of you even have sons here! We hope all of you will help us this year in carrying on the tradition of EXCELLENCE and SUPPORT for Brother Rice High School.

For the first time ever, we would like to present an ALUMNI PATRON page in the IRISH NITE catalog. Your donation will contribute to the financial success of IRISH NITE '88.

Won't you join us in making this year's IRISH NITE a tribute to the PAST and to the FUTURE?

The donation for a PATRON listing is \$10. Send in your name as you'd like it to appear in the catalog, and your year of graduation. Please make your check payable to:

IRISH NITE COMMITTEE  
7101 Lahser Road  
Birmingham, MI 48010

Thank you for your support!

## **"What's Happening Around BR?"**

The bell rings. It is the first day of a new school year, and at this point, it is generally helpful to let out a primal scream just to let everyone know how you feel. Most of the faces are the same, albeit a few new wrinkles and grey hairs, and it is actually nice to see everyone again.

During the first week of school, it was announced that the entire parking lot had been numbered, and that each driving student would be assigned a particular spot. This wonderful method lasted approximately four days, before it lapsed into total anarchy. The school has also installed a new computerized bell system. This, too, has been causing a few problems since it has the nasty tendency of resetting itself just to spite everyone. Other new additions to Brother Rice include the additional speed bumps adorning the parking lot—could anything as large as these monstrosities be man-made? Apparently so, as they seem very real when scraping along the underside of one's car.

The First Quarter has just ended, and the year is really starting to move. Our sports teams have started out extremely well. (See related article.) Intramurals are also off to a good start, and help spread school spirit.

The Model United Nations Club has already attended the Mercy High School simulation, and walked away with a good share of the awards this term. Next stop—Marian. . . The first issue of the **Chieftain** newspaper will be out soon, and it promises to be a good one. Mrs. Taggart, a relatively recent addition to the faculty, is the new moderator of the paper.

The beginning of the year has also seen a flurry of senior activity as some students retake their SAT and ACT tests, and prepare for college by taking the PSAT. Career Day was held recently to aid underclassmen in making plans for their future.

The National Honor Society has voted on new applicants, and the group is looking forward to another successful year of leadership. The NHS helped organize and run the OPEN HOUSE for prospective Brother Rice students. The entire evening went exceptionally well, and our school can be sure of another great freshmen class next year.

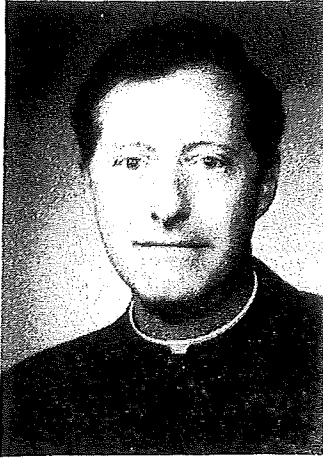

Generally, the year has gotten off to a fine start— not really different than what you were used to, I'm sure.

Brother Rice continues to be a superior school academically, athletically, and (above all) spiritually. Good luck to the entire student body, and fond wishes to all you alumni!

**Construction Will Begin in March of 1988**

**Brother Rice Builds  
for the Future**

Maintaining educational excellence is the bottom-line in the proposed building program for Brother Rice High School. The existing high school, which has served the needs of the students, teachers, and administrative staff successfully for almost 30 years, is showing signs of age. The outdated library, advances in technology, and the need for more classroom space mandate immediate improvements of the physical plant. The ultimate goal in the upcoming building program is to maintain the high educational standards and goals set by the Christian Brothers for the Brother Rice Educational Community.

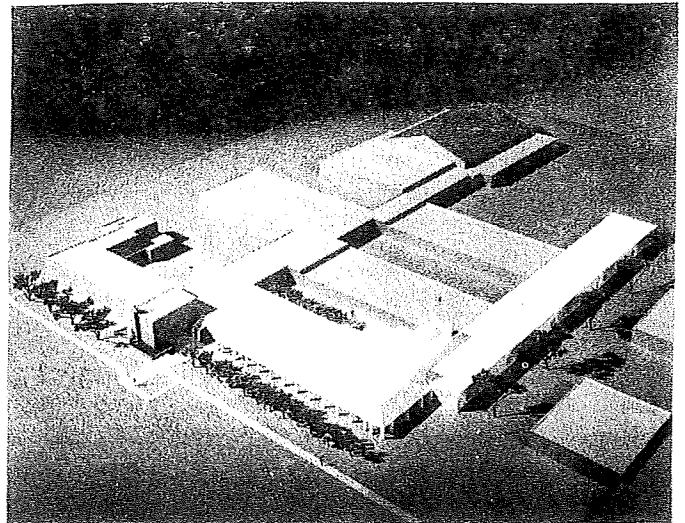

TMP Associates began to work with the faculty, staff, administration and students of Brother Rice in 1984 to establish goals and priorities for the future of the campus.

An entire Master Plan concept was developed, of which Phase I is currently ready for implementation. Phase I includes the

addition of a Learning Resource Center (Library), eleven (11) new classrooms, and the remodeling of the administrative area.

The new addition will "wrap" around the south and west edges of the present building, creating a fresh architectural appearance to the total complex. The new structure will be one level, and its placement on the western (front yard) side of the site will assure the continued prominence of the existing Chapel.

Construction will begin in March of 1988. TMP has prepared contract documents. Bids are now being accepted. A construction management team or general contractor will be selected in December. You can make a contribution to the building fund by sending the enclosed form to the Development Office.

## Fall Sports Update

Brother Rice has captured the State **Golf** Championship two years in a row and five times in the school's history. Congratulations to the Class of '88 "pros" Dave Brown, Jason Chaldecott, Anthony Dietz, Wally Knysz, Joseph McCarthy, Rob Morad. and, of course, Coach Jim Rademacher!

We asked Rob Morad what his thoughts were going into the state championship: "Being a senior, I did not want to end my high school career on a bad note. The pressure built up as the day went on; however, the feeling I experienced after the tournament was indescribable! I was so relieved to win because a lot of people thought we would win. I'm glad we didn't let them down."

The **Soccer** team finished runner-up in the Catholic League A-B Division. Charlie Beach '88, John Hayes '89, and Joel Stempien '88 were named All-Catholic.

The **Cross-Country** team won its 3rd consecutive Catholic League title and its 9th in the last 12 years. Mike Burry '88, was named CATHOLIC LEAGUE CHAMPION, and John Koppin '88 finished second. Also making All-Catholic were Mike O'Brien '89, Jim Rippy '88, and Matt Brown '88. Rice finished 3rd in the state meet on Saturday, November 7, at

the Groesbeck Golf Course in Lansing.

The team also won the Regional at Kimball High School with a total of 54 points. John Koppin placed 2nd, Mike Burry, 3rd, Mike O'Brien, 14th, Jim Rippy, 17th, and Matt Brown 18th.

Our varsity **Football** team defeated Orchard Lake St. Mary's 41-13 at the Silverdome in the Catholic League Prep Bowl on November 1 to clinch a playoff spot in Region 3 State High School football playoffs. The Warriors defeated Ferndale 28-7 in the quarterfinals on November 14th, to advance to a semi-final rematch against Catholic Central which handed the team its only loss in in the Boys' Bowl in double overtime.

The March of Dimes has chosen Albert Fracassa as one of their honorees for its annual Sweetheart Ball set for February 13, 1988. Coach Fracassa will receive the 1988 Humanitarian of the Year Award. We offer our congratulations to a most deserving awardee!

## A Historical Perspective

On June 14, 1964, Brother Rice graduated its first class; on May 17, 1987 events came full cycle when Pat ("P.J.") McQueen '87 (son of Pat '64), graduated

during the 24th Commencement ceremonies. Throughout most of that time period, Brother Rice has had some form of Alumni organization.

For two decades, Br. Joe Grimaldi was a constant factor. Starting as a teacher in 1965 and later as principal until 1986, Brother gave a great deal of his time and support to the graduates of Brother Rice. In the summer of 1965, Brother anticipated the interest of grads in news of each other. A questionnaire was sent out and the results published in the Fall. Along with his busy teaching/activity schedule, Brother was attempting the mammoth task of keeping track of a highly mobile group of graduates. Many of us went on to school or jobs out of state, parents moved, and the war in VietNam scattered Brother Rice around the world.

In 1969, Brother organized a Homecoming dance for Alumni, in the gym. Yes, there was a time when graduates went to Homecoming. If a very hazy memory serves correctly, it was well attended and enjoyed by all. Other than this, alumni reunions were confined primarily to holiday parties such as the annual ones perpetrated by Bob Stark '64 and Dr. Jack O'Hara '64.

The first few years of the '70s saw almost no activity by the Alumni - college,

most of us. In late 1973 and early 1974, Br. Grimaldi persuaded Mr. Jim Murphy to try and revitalize the Alumni Association. Jim contacted some of the alumni that he saw around, and we were off to a sputtering start. That group had two attributes in great quantity: enthusiasm and ignorance. Somehow, an alumni picnic was held at Boulan Park in Troy. Approximately 300 attended; we had submarines for 500. The early Alumni board was composed of Jim Murphy, Ron Kleinstever '64, Ray Malover '65, Rick Pawlowski '68, Jim Wartchow '68, Bill Reisdorf '67, and Denny King '64.

Over the next several years, many activities were attempted with varying degrees of success. The summer picnics were continued, a Christmas stag party was held in the cafeteria for several years (remember "body hockey"?) and casino nights were held as an activity/fund-raiser. If anyone thinks these ideas were crazy, you should have heard what was turned down. Ray Malover '65 came up with the ultimate raffle idea - fortunately/unfortunately, it was turned down for a variety of reasons - mostly legal and moral.

Along the way, Brad Simmons '75 came into the Alumni fold. Brad, Dave DeBenedictis '71, and Mike Kinna '78, among many others, have continued to

donate their energy and talents to the Alumni Association. Their biggest headaches are the same as those encountered 15 years ago: current addresses and willing workers. Activities like class reunions and the Silverdome Prep Kick-Off Classic reception don't just happen. They exist because of inputs of time, energy, and information. If you can help with any one of these, contact Joanne Christie, Alumni Secretary, at Rice.

Denny King '64

The Class of 1964 will celebrate the school's first Class Reunion Anniversary in August, 1989. Plans are being formulated for a festive occasion.

Bob Stark '64

## Graduates on the BR Faculty/Staff

- **Bob Stark '64** has been on the BR faculty and staff longer than any other alumnus - 19 years. Bob is currently teaching Geometry, Prob. Stat., and Algebra II, and serves as Varsity head coach of Cross-Country and Track, and Assistant Athletic Director.

- **George O'Brien '64** has been on the BR faculty

and staff for 17 years. George is currently teaching French and Psychology, and serves as Varsity head coach of swimming.

# A L U M N I D I R E C T O R Y

An alumni directory is now in the works and is scheduled for release in November, 1988. The publication has been planned as a reference volume for those of you who wish to know where your friends are now and what they are doing.

The directory will be divided into several sections. The first will contain interesting pictures and information and will be followed by a section with individual listings which will include academic information, professional information (such as job title, firm name, address and telephone), as well as home address and telephone. Alumni will also be listed geographically

by city, state, and foreign country.

All information in the directory will be researched and compiled by the Harris Publishing Company, and will be obtained through questionnaires sent to all alumni and followed up by telephone verification. Your cooperation in responding to the questionnaires when they arrive will insure the success of the directory. All alumni will be given an opportunity to order the directory when their information is verified by phone. (Only Brother Rice High School alumni will be able to purchase a copy.)

The entire project will be

undertaken at virtually no cost to Brother Rice High School - the Harris Company will finance the operation through the sale of directories to alumni only. Brother Rice High School will not benefit financially from the directory sales, but it should derive substantial benefit from the updated records which will be turned over to the school at the completion of the project by the Harris Company. If you have any questions regarding the directory, please call the Alumni Office.

## Spotlight on PAT CHISHOLM

Pat Chisholm '82, a Birmingham resident, won the 76th Michigan Amateur Golf Championship at Belevedere Golf Club, Charlevoix, Michigan this past June.

"I'm fortunate to have won," Chisholm said "... It's a great honor to win this championship. I had to rely on my chipping and putting because I was not driving well. I've been playing here since I was 15, and everyone still looked at me as one of the kids. This win should change that. I hope this means that I've moved up in everyone's eyes."

(excerpts from the **Detroit Free Press**, June 27, 1987)

Pat was selected for the "Super Six" ( the top six high school golfers in the state of Michigan) in 1982. While a senior at Brother Rice, he was selected to the All- Area, All- Catholic and All- Oakland County teams, and received All-State Class A honors for his outstanding accomplishments during the golf season.

While a student at Southern Florida, Pat was a semi-finalist in the 1984 Western Junior Open and also earned All- American Division II in 1986. He earned a bachelor of science degree in marketing from Southern Florida in 1986.

Pat turned professional in September, and is currently on the Florida Tour, Space Coast Tour, and selected qualifying for the PGA tour events.
